

Faiz Naufal Huda

Data Science / ML Engineering Intern · Bogor, Indonesia

faiznaufal2015@gmail.com · linkedin.com/in/faizhuda · github.com/faizhuda · faizhuda.github.io

Summary

Computer Science undergraduate at IPB University (GPA 3.85/4.00; expected October 2027) and BNSP-certified Associate Data Scientist. Builds reproducible ML systems with appropriate validation, automated tests, CI, and documented public repositories. Seeking a Data Science or ML Engineering internship.

Technical Skills

ML / Data: Python, SQL, Pandas, NumPy, Scikit-learn, LightGBM, PyTorch, SciPy
Engineering: FastAPI, React, PostgreSQL, SQLAlchemy, Docker, GitHub Actions, pytest, Git
Working knowledge: XGBoost, Hugging Face Transformers, Next.js, Supabase, MLflow

Selected Projects

AQI Bangladesh Prediction repository May–Jun 2026

- Built with a four-person course team; primary repository contributor (27 of 29 commits).
- Project trained LightGBM on 1M+ rows across 30 cities; MAE 1.13, RMSE 1.77, R^2 0.9986 using three-fold walk-forward validation. Implemented lag/rolling features, 40 tests, CI, and Docker.

Produce Freshness Classification repository May–Jun 2026

- Built with a five-person course team; primary repository contributor (64 of 86 commits).
- Compared classical ML and MobileNetV2 across 11 controlled scenarios and 4,391 test images. Best accuracy: 98.70%; paired significance result $p < 0.001$; 66 tests with CI.

AgriDesk — Academic Document Management repository Feb–Jun 2026

- Led full-stack implementation in a four-person team (36 of 69 repository commits).
- Built React/FastAPI/PostgreSQL workflows with SHA-256 hashing, QR verification, and coordinate-based PDF signature stamping. Delivered 118 tests and 100% coverage on core services.

Experience

AI Engineer Cohort — Top Graduate · Pijak × IBM SkillsBuild / Dicoding Feb–Jul 2026

- Completed the cohort with full-pass status and Top Graduate recognition.
- Built PriorMail capstone (98/100): fine-tuned DistilBERT for four-class email-priority classification and evaluated phishing detection against adversarial cases.

Head of Entrepreneurship & Consumption Committee · IT TODAY, HIMALKOM IPB Feb–Dec 2025

- Managed an IDR 33 million F&B budget for 500+ participants and 90+ committee members; secured IDR 5 million in internal operating funds.

Education & Credentials

IPB University
Bachelor of Computer Science · GPA 3.85/4.00
Jul 2023–Oct 2027 (expected)

BNSP Associate Data Scientist · 2026
IBM SkillsBuild AI Cohort, Top Graduate · 2026
TOEFL ITP 607 · 2023

Award

2nd Place, AgritechJam — Agriinformatics 2025: MyToko e-commerce platform, built in a three-person team; primary repository contributor (95 of 96 commits). repository
